### A WAY TO BEGIN

Starting racehorses is at best not the simplest job in the world. There are few really first class starters for it calls for a great many qualifications that everybody does not have. This year for the first time the National Steeplechase and Hunt Association introduced the elastic starting tape to through the field racing. It was an idea that the late gentleman rider Louis Stoddard had long been advocating, having ridden races with it in England. Nothing new to English horsemen who have been starting from it for many years, the tape broke like a bombshell upon American horsemen accustomed to walk up starts to a flag.

The idea of a barrier to which horses can be brought and that whisks away when released in front of the advancing horses should at first glance meet with general approval. But it has been the center of violent controversies all spring. Riders, trainers, and owners have all joined into the fray with tremendous vehemence. As a matter of fact, steeplechasing being what it is, the matter of a start is not nearly the vital factor that it is on the flat. Despite this the chance to get away on top, with a jumper who does best out in front, away from interference, is of sufficient importance to make the new starting method one which will start those interested in fast starts pounding the table.

The advocates say the tape insures an honest start. It prevents those who have developed a little private racket from staying back in the ruck, shouting no chance until the last moment when by some second sense, they start a run for the line hoping either to panic the starter or to so judge the timing as to be away winging when the flag drops. Those who enjoy this new method, point to its being in use in England successfully; they show how with as many as 50 horses in the field at one time, it would be practically impossible to line them up without such a mechanical barrier. These same advocates say that a horse will not get hurt nearly so fast and they point to the fact there are far too few top starters who can line up a field to get them away fairly without such a device.

The other side of the fence state with equal certainty that the elastic starter is an extremely dangerous device. They say it might whip across and, aided by a gust of wind, fly into a rider's eye or strike a horse, causing serious injury. They point to horses that are naturally slow starters, being frightened by the whistling tape and being left at the post. Horses on the far end of the tape run the danger of having their legs tangled up in the tape while others try to jump it. The strongest argument against the elastic tape is perhaps the one that says "Look at Eddie Blind's starts at Pimlico. He doesn't need any tape and horses get away fair and square."

The trouble is all starters are not Eddie Blind. They do not have his all-seeing eye, calmness of mind, the steadiness of nerve, the intuition which will recognize out of the swelling chorus of "No chance" the eventual note of preparedness and in the flash of an inner eye be able to size up the situation and send them away with a sweep of his flag. If there were more Eddie Blinds, there would be no need for this innovation from across the water but the fact of the matter is, too few starters have the innate ability to size up the situation, pull the pieces into a heterogeneous mass and bring them out again with one magical sweep of the flag.

Many professional riders are loudest in their criticism and as it is the jocks who have to put up with it, their views cannot be lightly regarded. These horsemen cannot say enough bad things about the new start. Actually it is too soon to assess the real value of this starting device because it is new, not only to riders, but to horses. Although starters can explain the device to riders and find a fair percentage willing to go along, when they come to horses it is a different matter.

Time is needed to accustom more people to this new device before condemning it or acclaiming it. Time to accustom horses above, all, to the sudden whip of the elastic; riders must grow to realize it will not strike them in the eye or slash their mounts or trip their legs. The famous English barrier that flies over the heads of horses and rider may be the final solution but at present this device is impossible where starts are held at different spots half a dozen times in a day's card. As one official aptly said, until something else is invented, the elastic tape is the best mechanical device to insure an even start. Certainly it has lots to offer in helping the inexperienced starter and

when horses and riders become more accustomed, they may well turn to it with a certain sense of relief; secure in the knowledge that some running start artists in the rear will not romp off and steal the show. The elastic tape is certainly worth more time before it is condemned as a way to begin to improve starts through the field.

## Letters To The Editor

### Many Thanks

Dear Editor:

I would like to take this way of thanking the members of the Deep Run Hunt and in particular Mr. Keeley, chairman of the racing committee, and the United Hunts for all the kindness and attention shown me after my fall on Spain at the Deep Run races at Richmond.

After a month in the hospital in Richmond, where all my friends and associates were good enough to send me flowers, messages and their good wishes, I am now at home at Holiday Farm in Bedford, Va. and getting along fine. I hope to be up on a horse again any day now.

I could think of no better way to express my appreciation of the kindness and consideration of anyone than by this open letter to the editor of The Chronicle.

Thanking you all again and with best wishes,

Sincerely,

John M. Zoric

## In-Field Sport At Belmont

### Appleton Second Stakes Win For Pontius Pilate \*Titien II Makes Winning Seasonal Debut

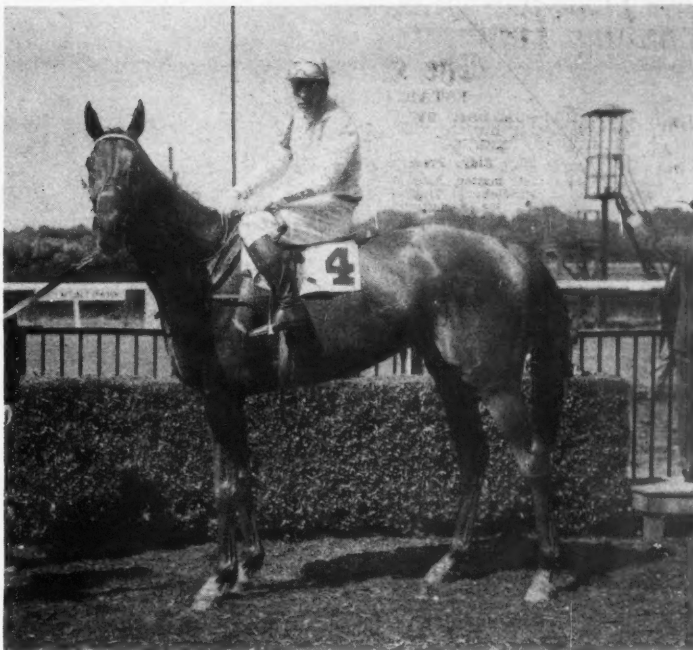

#### Spectator

F. Ambrose Clark's Pontius Pilate scored his second victory of the Belmont meeting by taking the Appleton in easy fashion 6 1-2 lengths in front of \*Spleen, while 10 lengths back, Genancoke completed the field. Marcheast, the only other starter, fell at the 5th fence.

The Appleton, unlike most of the steeplechase stakes, is run under allowance conditions, which permitted Pontius Pilate to get, in with 145 lbs., 7 less than he carried to victory in the International a week previous. Nonetheless, for most of the 2 mile trip, the race appeared more of a contest that it actually was. \*Spleen and Pontius Pilate ran head and head for most of the way, and provided quite a contrast in size for the big chestnut from the Clark barn literally stands head and shoulders over \*Spleen. Both jumpers fenced well and came up to the last jump with Pontius Pilate a head in front, but from there to the finish line, Elwood Carter let him widen the advantage to more than 6 lengths, seemingly without effort. Considerable rain during the pre-

in the result. The Brookmeade Stable's Band Leader, a confirmed front runner known to "chuk" it when headed, did get to the front and did drop back when passed by My Good Man at the fence on the last turn, but then surprising came again under urging from Dooley Adams from the final fence to the wire, to win by a length. My Good Man as usual, was quite content with 2nd, while 3 lengths back, Rank showed a good effort to be 3rd, another length to the good of Trepid.

The Cottesmore on Wednesday, drew a field of 6 better class hurdlers headed by A. E. Master's \*Titien II, making his seasonal debut over obstacles. Carrying top weight of 155 lbs., including Albert Foot \*Titien II was kept close to the pace, took command going down the far side and then won easily although his winning margin was only a length. Foot started to ease up on the horse in the stretch, but had to rouse him again in the last dozen strides as Swiggle closed very fast to be 2nd, three parts of a length

PONTIUS PILATE, Jockey Elwood Carter up, winner of the C. L. Appleton Mem. 'Chase at Belmont. This made it two stakes victories for Pontius Pilate for 1951, having previously won the International 'Chase 'Cap. (Belmont Park Photo)

R. K. MELLON'S \*IRISH EASTER (No. 9), P. Smithwick up, taking the last jump in the allowance 'chase on May 24 at Belmont. This combination won in a driving finish by 1 1/4 lengths over Auburn Farm's Syracuse Lad. (Belmont Park Photo)

ceding 2 days made the infield on the slow side. The time for the race being 3:50 1-5 against the fast 3:42 in the International.

Coming back to the winners circle, Pontius Pilate appeared slightly lame, and when he was unsaddled it was quite noticeable that he had grabbed himself, Bellhouse, his trainer, thought it had happened round the last turn. In any event it is quite likely to sideline the Clark color bearer for some time.

A big field of hurdlers went postward the second Monday of the meeting in a race designed for non-winners of \$1,000, and the result was something of an upset when Mrs. G. H. Bostwick's Hyvania, a trailer in a similar race a week ago, crossed the wire a length in front at odds of better than 30 to 1. However, he won with a change of jockeys, James Smiley being in the saddle. \*El Arabi, Jam and Wenham finished in that order behind the winner and all showed good efforts.

In Tuesday's steeplechase, a change in jockeys also made a difference

in front of Roman Way. Fonda and H. Hour completed the field, with \*Silver Bridge a casualty at the final hurdle. The Cottesmore was a pretty race to watch with all 6 closely grouped for the entire trip. The winner handled his weight very well, and again impressed this observer as the best over hurdles in a long, long while.

Thirteen fencers went postward on Friday in an allowance race designed as a prep for the Spring Maiden, and it resulted in a close finish with Richard K. Mellon's \*Irish Easter, the winner under a drive. Paddy Smithwick in the saddle, did a masterful job of rating his mount, moved going to the last turn, saved ground around the turn, and then steered the shortest course in the stretch and over the final jump to the wire. A length and a quarter back, Syracuse Lad, making his first try over the big jumps, was second under a typical Albert Foot finish.

Third money went to The Mast, after a bobble at the last fence which

## Hampstead Hunt Races

### Quiet Prevails and First Boy Dead Heat On the Flat; Lee Ryan's Merrily Takes Timber Event

#### Karl Koontz

The Hampstead Hunt Club moved their annual Spring Races and Drag Chase to the estate of J. W. Allender, just outside Hampstead, Maryland, on May 6, and it proved an excellent and popular one with spectators and entries alike.

The course as laid out this year, had a "Rose Tree twist," being in the shape of a dumb-bell bent double. It is the intention of the committee to do a little drainage work so that in the years ahead the permanent timber course can be run in a large looping circle, but the weather has been anything but kind to man or beast this spring and plans were held up.

This course is unique in that for once the spectator has been considered. The spectators can stand on a ridge right smack dab in the center with the course around them and have a perfect view of the flat races and also see every one of the timber jumps. The finish for both the flat races and the timber event lies up-grade by the crowd on the ridge.

The feature event, as at most hunt meets, was the timber race, the Spring Point-to-Point, with 6 horses going postward in this 2 1-2 mile event over 16 post and rail fences.

At the start, which is at the foot

of this "Spectator's Ridge", owner-rider Ernest Rogers got his Princeton away first, followed closely by Merrily, then Aggressive, Kitty's Girl, Pearl Vision, and Happy Bunny. This order prevailed over the 1st fence, but C. W. Gemmill's Kitty's Girl and Mrs. E. W. Gemmill's Happy Bunny, refused and lost their riders.

Lee Ryan's Merrily took over the lead going into the 2nd, with Princeton leading James Hechter's Aggressive, followed by Jack Graybeal's Pearl Vision. Into the 3rd, Aggressive replaced Princeton, and this order held over the 4th, but Pearl Vision refused and was brought on again to trail the field. Merrily still led as they came upgrade and over the 5th, with Aggressive close up, but going downhill and into the 6th, Aggressive was showing the way.

Postitions were the same over the next 3 fences, but at the 10th, same as 5th, Merrily took command again, with Aggressive leading Pearl Vision, which had replaced a tired Princeton at this fence for the third slot. Merrily easily outdistanced the field over the remaining five jumps to win eased up. Aggressive scored for 2nd, then farther back to Pearl

AND

**Racing**A SECTION  
DEVOTED TO THE INTERESTS  
OF THE TURF**Thoroughbreds****Primate Current Leading 2-Year-Old Colt;  
3-Year-Old Filly Division Muddled;  
Battlefield's Withers Stakes**

Joe H. Palmer

The current leading 2-year-old, if there is a current leading 2-year-old, is Primate, a Some Chance colt bred by his owner, Edward B. Benjamin, who races under the name of the Starmount Stable. Like Jet Master, which was rated ahead of him in the betting for the Juvenile Stakes, he got his first racing at Hialeah, where he was 2nd twice, the first time behind Jet Master. You may remember that the latter, a Jet Pilot colt owned and bred by Marlboro Stud Farm, won 4 straight in Florida, ending with the Hialeah Juvenile Stakes, in which he came down the 3 furlong chute in :32 4-5.

Jet Master hadn't been out since Hialeah, and for the Juvenile Eddie Arcaro, who had ridden Primate in his 2 previous victories, moved to the Jet Pilot colt. This wasn't a good idea, for Jet Master, after leading into the last furlong, weakened and went under by a half-length to Primate, which was ridden by Ted Atkinson.

Primate ran 2nd in his first 3 starts, 2 at Hialeah and 1 at Jamaica on April 7. Since then he's won 3 races, the last 2 of them stakes, and through the Juvenile he had earned \$26,850.

The Juvenile actually couldn't be said to prove much, for there were only 3 starters, the other being Mrs. Vera S. Bragg's Mixture, winner of only a maiden race. As usual, most of the 2-year-olds are coughing at Belmont, a circumstance which happens nearly every spring, though not at exactly the same time. One result of this is that the track has cut 5 furlong 2-year-old races to 4 1-2 furlongs. The Juvenile couldn't be cut, of course, being under stakes conditions, and the field was the smallest on record. The coughing is easing up now, however, so the National Stallion Stakes, now run in colt and filly divisions, may draw a little better. Chances are the top 2-year-old isn't out yet, though Battlefield was at this time last year.

The Withers Stakes presumably added another starter to the Belmont in George D. Widener's Battlefield, but I'm not sure that he has what he needs to handle Bold and Count Turf. His time in the Withers was an excellent 1:35 4-5, but I'd guess you have to add at least a second to this to balance the unusual speed of the Belmont strip this year. He may not have been entirely out, but he was nearly so, and he won by a head from Jumbo, which had beaten him in the 7-furlong Swift Stakes. Jumbo hadn't looked good enough in his preparatory races to be sent after the Derby or the

Preakness, and if he's not good enough, there's no reason to think Battlefield is much better.

On the other hand, Battlefield is inbred to Fair Play (he's by War Relic—Dark Display, by Display), and that's certainly staying blood. The mile and a half of the Belmont will prove this, and if he should win it, I'd be inclined to rank him at the top of the 3-year-old heap. But I just don't think he will.

Battlefield's 2-year-old record is familiar, I suppose, stretching from 3 furlong dashes at Hialeah Park to his victory in the Futurity, with earnings of \$198,677, the record for a colt. This year he ran 2nd in his first start, and his trainer, Bert Mulholland, thought he was sour. He was accordingly rested until the Swift, and even with the Withers has run only 4 times this year. Mulholland has been taking him back to Erdenheim Farm between races, a practice which Morris Dixon followed successfully with Polynesian, another racer which got bored with race tracks. It is apparently working for Battlefield was running willingly in the Withers.

As you probably know, Mr. Widener bought him for \$4,500 at Saratoga in 1949, making the purchase because his own crop of 1948 foals were so preponderantly fillies that he wanted a few colts to balance it. Battlefield was the only one he bought, and as it turned out, the only one he needed.

With the winner of the Pimlico Oaks, as the Black-Eyed Susan Stakes used to be called, in one division of the Acorn, and the winner of the Kentucky Oaks in the other, there was some reason to think the race might clarify the ranking of the 3-year-old fillies. Instead, the race brought out 2 entirely new aspirants to top honors. Discreet, which had won the Black-Eyed Susan, ran an undistinguished 10th in her division, and How, which had looked impressive at Churchill Downs, closed only a little ground to be 5th in hers. She lost a shoe in the gate, it was reported later.

The 2 winners, Walter M. Jeffords' Kiss Me Kate and Isador Bieber's Nothirchance, had neither won nor placed in a stakes race before, and I suppose we must assume that it was mud which moved them up. The track was listed, officially, as sloppy, but the fact is that it is hard to classify the Belmont strip in the conventional terms. It had been soaked abundantly in the early morning, and water had had all day to soak into it, and in the afternoon there were enough showers to cause water to stand in shiny patches on

top of it. On an ordinary track this would have made plain mud, and fairly deep. But Belmont's sandy strip remained fairly fast. There is some question, consequently, as to whether a mud horse has much real advantage there.

Kiss Me Kate got over her mile in 1:36 2-5, which is the fastest time ever registered in the Acorn, and she won easily by 12 lengths. Nothirchance took 1:38, and had all she could do to pull out 3-4 of a length from Georgeous Reded at the end. It was something of a peculiarity that these two should be by Count Fleet and Blue Swords, respectively, for you'll remember how persistently, though uselessly, Blue Swords used to chase Count Fleet in their 3-year-old year.

If any filly which is beaten 12 lengths can be said to distinguish herself, Llangollen Farm's Wisteria did. She was sent off at 36 to 1, and she was always in the first three. She had her head in front between calls, and she hung on very determinedly to outfinish Jacodema for 2nd place.

Kiss Me Kate was running for the 8th time and was winning her 2nd race, the first being in the mud at Laurel a little earlier. Nothirchance was getting her 4th victory from 19 tries. Each was bred by her owner, except that Nothirchance represented a partnership between Bieber (who believes in names with "social significance" and named the filly to suggest we'd better not let Germany rearm and Hirsch Jacobs, who trains her.

The filly situation, as a result, is just as confused as that of the colts. It will remain largely in abeyance now until June 2, when the Coaching Club American Oaks, at a mile and 3 furlongs, and for a purse of \$50,000 added, is run.

# Pontius Pilate Wins International

5-Year-Old Son of Pilate Makes Initial  
1951 Outing A Winning One In Capturing  
Belmont's Opening Steeplechase Stake

Frank Talmadge Phelps

The metropolitan steeplechase stakes season opened on May 18 with the running of the \$7,500-added International Steeplechase Handicap at Belmont. The result was another triumph for the combination of Owner F. Ambrose Clark and Trainer Francis T. Bellhouse, who had won the Jervis Spencer at Pimlico a week earlier with Lone Fisherman.

This time the instrument of their success was Pontius Pilate, which toured the 'chasing course of about 2 miles under 152 pounds in 3:42, one of the best times recorded at Belmont since the duPont jumps were installed. Then again on May 24, in the Charles L. Appleton Memorial 'chase, this same combination scored again. In the \$7,500

added event, Pontius Pilate went the about 2 miles distance in 3:50 1-5, over a slow track, with \*Spleen and Genanoke in tow at the wire.

Pontius Pilate, a 5-year-old chestnut son of Pilate—Storming, by \*Ksar, was bred by David Novick, who consigned him to the 1947 Saratoga Sales. There Mr. Clark bought the colt for \$10,000. He was gelded before he got to the races.

The Clark performer did not start at 2; and, like Lone Fisherman, he learned his early racing lessons at the hunts. He won a flat race at the Adjacent Hunts, with Trainer Bellhouse aboard; and placed in a similar event at the Foxcatcher Hounds meet at 3.

Then Pontius Pilate was set to the hurdles. He promptly displayed his liking for the jumping sport by capturing his first attempt over them, a \$1,500 purse on the first day of the Rolling Rock meet.

That was the second triumph in 4 starts as a 3-year-old for the son of Pilate. He also placed once that season, to earn a total of \$1,555.

During the winter, Pontius Pilate was schooled over brush. He was still green at this medium, though when he came out for the Belmont Spring Maiden 'Chase last spring, as a 4-year-old. In that race he made a mistake at the 7th obstacle; made up some ground thereafter; but still finished 7th, while his stablemate Lone Fisherman was garnering 4th money.

Mr. Clark's lepper did not appear again for two and a half months; but, when he did return, Trainer Bellhouse had him primed and ready. The gelding won his first 3 starts after the layoff. First came a pair of decisions in \$3,000 'chases at Saratoga, in one of which his rider lost a stirrup but still brought him in 20 lengths in the van.

In the Beverwyck Steeplechase Handicap, Pontius Pilate simply did a little more impressively what he had been doing in his previous 2 races. The order of finish of the first three was the same as in this year's International: Pontius Pilate on top by 15 lengths, with Oedipus 2nd, 13 lengths in front of Elkrige, which was 40 lengths ahead of the only other finisher, Leche Hembre. The time was 4:08 2-5, a new record for Saratoga's 'chasing course of about 2 miles.

Back at Belmont a month later for the Broad Hollow Steeplechase Handicap, the son of Pilate was blocked in a late charge and finished 7th. In the Grand National, he was moving up dangerously when he finished 3rd, beaten 6 1-4 lengths by Trough Hill and Oedipus for the nation's richest jumping purse. That show, coupled with Pontius Pilate's 3 victories out of 6 efforts

# Discovery Filly Tops Field At Annual Md. Yearling Show

Bill Jaeger

A brown filly by Discovery—Bride Elect, she by High Time, took championship honors in the 17th annual yearling show held in the paddock at Pimlico on the morning of May 17 under the sponsorship of the Maryland Horse Breeders' Association.

The "best in show" award was given the grand-looking miss after she had won divisional honors in the class for fillies, foaled in Maryland in 1950, the produce of mares covered in Maryland in 1949.

Lou P. Doherty, manager of the Elmendorf Farm at Lexington, Ky.,

during the season, netted him \$12,275 for the year; and put him among the list of profitable yearling purchases.

Pilate, sire of Pontius Pilate, won 24 races, including a host of minor handicaps and the 1933 Paumonok. At Laurel he set the still standing track record of 1:41 4-5 for a mile and 70 yards.

To the end of 1950, the son of Friar Rock—\*Herodias, by The Tetrarch, had sired the winners of 1,463 races and \$4,133,777.

Pilate's stakes winners on the flat have included Eight Thirty (\$155,475), Lovely Night, Pirate, Ponty, Monida, Amber Light, Le Harve, Platter, Service Pilot (\$112,000), British Buddy, Phalanx (\$409,235), Royal Governor (\$251,300) Stitch Again (\$104,770), Prefect (\$102,260), Miss Doreen (\$130,475), Christmastide, Dinner Hour, Pilaster and Seaward (\$110,920).

The first steeplechase stakes winner by Pilate was the late Mrs. Clark's Lovely Night, which was converted to jumping after he had captured the 1939 Constitution, Queens County, Empire City and Butler Handicaps on the flat. At his new metier he took the Amagansett and Cagliostro Hurdles, and Shillelah Steeplechase Handicap. Lovely Night, now owned by Mrs. Marie A. Moore, has become a successful sire, standing at Mrs. Moore's High Hope Farm, The Plains, Va.

Pilate's only other 'chasing stakes victor, prior to Pontius Pilate, was Mrs. Corliss Sullivan's Quiet, which, like Pontius Pilate, is from a \*Ksar mare. Quiet nipped Sociability and Monkey Wrench in the 1949 Saratoga National Maiden Hurdle.

Monkey Wrench, incidentally, is by Pilate's son Eight Thirty, which has also sired the jumper Half Hour. The latter annexed the 1948 Delaware Spring Maiden 'Chase for C. Mahlon Kline, while the Mill River Stable's Monkey Wrench acquired the Noel Laing Steeplechase Handicap last season. Eight Thirty, sire of such brilliant flat racers as Dinner Gong, First Nighter, Bolero, Big Stretch, etc., was bred and owned by George D. Widener; and stands at his Old Kenny Farm, Lexington, Ky.

Storming, dam of Pontius Pilate, had four previous foals, all but the first by Pilate and all but the first winners. Her other winners were the filly Orage, and the geldings Storm Hawk and Faithful. Pontius Pilate's second dam, Orageuse, is a half-sister to Golden Melody, dam of National Melody, which won the Meadow Brook Steeplechase Handicap and two renewals of the Shillelah. Golden Melody also produced King Cole, and is the second dam of Unbridled.

Orageuse is also a half-sister to Osmand and Brevity; to Miss Brief, dam of Cable and Ocean Brief; and to Dustwhirl, dam of Feudal Lord, Reaping Reward and Whirlaway, grandam of Lock and Key, Mad Moment, Hemisphere, Honeymoon, Pedigree and Whirlabout, and third dam of Al and Great Circle.

did the judging. Commenting on the show, Mr. Doherty praised the breeders for the general quality and good manners of the yearlings shown and remarked that the entries were of much higher quality than was the case when he first saw the show some 10 years ago.

Reserve champion in the show was a Discovery—Shining Eyes filly, which was runner-up behind the Vanderbilt lassie in both classes. She is the property of Larry MacPhail.

The winner of Class One, limited to colts, foaled in Maryland in 1950, the produce of mares covered in Maryland in 1949, was Proud Son, a bay colt by Discovery—Chalmer, owned by E. Taylor Chewning. This one gained top honors over an Occupy colt belonging to Mr. and Mrs. Sam Bogley and a Director J. E. colt, owned by G. Ray Bryson.

Class Two, for colts, foaled in Maryland in 1950, the produce of mares covered in states other than Maryland, saw Larry MacPhail's Sun Again—Beth Bon colt gain the nod over Vanderbilt's Devil Diver—Canfil colt and Charles Nelson's Bull Lea colt from Donita M.

Mr. and Mrs. Nelson's Revoked—Pesterheim filly won major honors in the filly division for those foaled in Maryland, the produce of mares covered in states other than Maryland. Runners-up to the Nelson filly were MacPhail's Bimelech—Lady Mayflower filly and C. Ewing Tuttle's Amphitheatre—Spirit filly named Amphispirt.

In the "Get of Sire" division, yearlings representing Discovery won out over sons and daughters of Alaking.

The always popular amateur judging contest was won in the men's division by Henry Miller of Baltimore with Mrs. John H. Barrett, a visitor from New Jersey, taking the ladies' honors.

That afternoon, the Maryland Jockey Club, as is its annual custom, presented the Back Again Purse, a 4 1-2 furlongs dash for 2-year-olds that competed in the 1950 yearling show. Five juveniles raced and 1st money was taken by Mrs. Henry Hecht's Blue Rhymer with Jousett Shouse's Cinda and Hazel B. MacCrawe's Suze Sin, an entry, taking 2nd and 3rd places. E. Lowrance's Treemap and Saggy Farm's Stan's Helen completed the field.

After the race, John Pons, president of the Maryland Horse Breeders' Association, presented a trophy to Mrs. Irene S. Watson, breeder of Blue Rhymer.

Two events later, Pimlico offered the Virginia Horsemen's Association Purse, 5 1-2 furlongs sprint for 3-year-old fillies, in honor of a large delegation of members of that organization who were on hand for the yearling show and racing program.

Nydrle Stable's Tides won this one easily with J. M. Seibel's Dance Routine 2nd and E. K. Bryson's Make Sway 3rd. On hand to make the presentation to Mrs. D. G. Van Clief, of the Nydrle Stables, was Dr. Frank O'Keefe of Warrenton, Va., and breeder of Repetofre, one of the country's leading 3-year-olds.

## For Effective Horse

# WORMING

—Many Leading Trainers Recommend

# "THOROUGHBRED" STRONGYLEZINE

When worms attack your horses, don't take chances. Use Strongylezine—the safe, reliable horse worm remedy—relied on by many of the country's outstanding trainers.

Strongylezine is easy to use—may be mixed with feed—requires no tubing, drenching or starving. And it's non-toxic.

Brood mares, sucklings, yearlings and horses in training can safely use Strongylezine—without going off feed for a single day. One dose brings amazingly effective results.

So why risk the health and performance of your horses on an unknown brand? Use

## Breeding Notes

### Pine Brook Farm "Who's Who In the Horse World Since 1938"

Karl Koontz

Pine Brook Farm is exactly as Dr. O'Keefe says a "Who's Who in the horse world since 1938", in speaking about some of the horses past and present that have been at the farm. For Pine Brook has sent out top performers in the timber ranks, in the show rings, and on the race tracks.

It's really amazing how much is uncovered when a breeding farm sends forth a really outstanding performer. Dr. O'Keefe has this to say in relating the early history of Pine Brook. "When this farm was originally bought by my father, it was purchased with the idea of my sister (Mrs. Ruth Kobzina) showing horses and the family racing a few horses every year. With that idea in mind our first purchases and our first breeding was done toward that end." During the period from 1938 up to 1942, when Dr. O'Keefe's father died, many outstanding horses were bred or developed at Pine Brook. This production of top horses has not stopped with the elder O'Keefe's death, as the speedy Repetoire will attest. For as everyone knows this consistent 3-year-old colt is by \*Happy Argo, out of the Pine Brook mare My Hattie, by Mad Hatter. The sire and dam of the youngster were 26 and 15 respectively at the time of his arrival.

No doubt you have stopped to wonder at some time or another, how or whence a certain horse got his name. There has always been one in my mind that I have not been able to puzzle out, and have finally had my curiosity settled. The name in question is the one belonging to the dual Maryland Hunt Cup winner Pine Pep.

The story behind the name is that Pine Brook purchased the chestnut by Petee-Wrack—Red Queen, by Mad Hatter from Coytt Wilson, of the Middleburg Wilson Van line fame. They gelded the colt, broke the youngster to saddle, and added part of the farm name when the gelding was registered. He was sold as a 2-year-old after a few trials on the flat, and the rest of the story is still being written at the hunt meets.

Another timber horse that was developed at Pine Brook was O'Doc. He was a chestnut son of Polydor—Marka, by Sir Martin and was purchased as a weanling along with his dam from William Ziegler. He developed into a nice show hunter and was then converted to timber, running 3rd in the Virginia Gold Cup to Never Worry and Some Gold in the second start of a brief timber career.

Pine Brook has also had a hand in developing some fine show ring performers. One of these is the Madison Square Garden hunter champion of 1947, Prompt payment, which was bred at the farm. He is by \*Hilltown out of the good producer My Mattie, by Mad Hatter, thereby a half-brother to Repetoire. He was shown in lead-in classes in 1941 as a yearling, and was unbeaten, winning at Warrenton, Orange, Culpeper, and Farmington. He was bought in 1942 by Mrs. D. N. Lee, and continued his winning ways and was sold to Mrs. John T. Maloney, accounting for many ribbons and tricolors.

Another that went well in the show ring was Lightland. This horse was another that was purchased from Coytt Wilson, being by Dr. Freeland—Lightning, by Thunderer. He was the hunter champion of New England, winning 14 championships and 2 reserve championships in a total of 16 shows. Quite a record to say the least.

Phantom Raider was another of the Pine Brook-breds. This chestnut

by Polydor—Phantom Fairy, by \*Negofol, was raced unsuccessfully, making 12 starts and collecting very few dollars. He was sold and later developed into a very creditable performer in the ring.

"In 1942 with my father's death, we changed our horse plans here at Pine Brook Farm and decided to continue to raise horses but to market them as yearlings and on occasions to race a filly or two for replacements for our broodmare band.

Since 1943 when our first yearlings were sold we have sold 22 yearlings. Of these one died before reaching racing age. Of the remaining 21, 15 have won and 2 have placed. Of the 15 winners, 2 are stakes winners (Repetoire and Mighty Nice) and 3 have placed in stakes (Blue Dream, Miss Oakhurst, and Nifty). One of the non-winners is the fine producer Hattie Kat, dam of Grass Fire, who ran 5 1-2 furlongs in 1:04 1-5 beating Ken and Longleaf, both stakes winners at Washington Park and in so doing ran the fastest 5 1-2 furlongs run at Washington Park last year, only 1-5 second off the track record. Our yearlings have won more than 3 times their purchase price."

Last year Pine Brook decided to secure a few replacements for the broodmare band and 3 fillies were acquired. Mackle, by \*Mahmoud—Legend Learer, by The Porter, was purchased at the Belmont Park Sales, this past fall. This mare has shown speed finishing 3rd to Sunglow, and she is in training at Belmont Park for competition this year.

Another purchase was Final Bid, by Bimelech—Psychist, by Psychic Bid. This 2-year-old was gotten at the Saratoga Sales, and is a half-sister to the stakes winning Oulja. Her dam, Psychist, is a half-sister to Chains, winner of the Merchants and Citizens, Olympic, Dixie Handicaps, etc. being out of the fine broodmare Handcuff.

The third purchase is the Pot o'Luck filly Own Self, which is out of Flico, by Caruso. This filly is a home-bred and was sold at the Saratoga Sales to the Cross Bell Ranch. When Pot o'Luck was exported to France, Pine Brook purchased her back, as Dr. O'Keefe is most anxious to have this blood in his broodmare band.

Pine Brook is preparing 5 yearlings to go to Saratoga, and they are of the opinion that these are in keeping with those sold in previous years. Perhaps the star is the filly out of My Hattie, by Alsab, being a half-sister to Repetoire, she certainly won't go begging for supporters. Repetoire's record has been repeated many times, but let it suffice to say that he is a horse possessed with a high turn of speed. He won the Remsen, going the 6-furlong distance at Jamaica in the fastest time of any horse of any age, last fall; then in the Chesapeake Stakes, he went the 1 1-16 mile route in the fastest time for any horse of any age this year at Laurel; and many other fast times in stakes events.

The other members of the Pine Brook consignment measure up very well too. Blue Larkspur's daughter, Notas Sociales, out of Manta, by Cudgel, is the dam of a Hampden colt; while Pot o'Luck is the sire of a colt out of Phantom Peggy, by Sun Beau—Phantom Fairy, by \*Negofol.

Phantom Fairy is one of Pine Brook's foundation mares.

There are two more filly offerings and they are an Amphitheater and a Hampden. The Amphitheatre miss is out of College Belle, by \*Belfonds—Peggy Porter, by The Porter, while the Hampden lassie is from the mare Lyde, by The Nut—Noontide, by Colin.

College Belle is a half-sister to the stakes winning Blue Cyprus and Lyde is a half-sister to My Tide, the dam of the stakes winning Gillie and Sweet Patrice and to Headtide, dam of Gasparilla.

With such an illustrious past, Pine Brook is looking ahead to even greater accomplishments in the field of the Thoroughbred.

## BUILDS BETTER HORSES

Drimycil is unique. Completely different in analysis and blend. The principal ingredient is extracted penicillium meal, which has made so many remarkable contributions to livestock growth and health. Added to the regular ration every day, Drimycil tends to tone up the digestive system, cleanse the intestinal tract of harmful bacteria, and build resistance to such parasites as worms. Results have shown that overall condition and temperament are often changed within a few weeks.

## Oxmoor Races

### Foxy Poise Captures Feature Brush Race; Tom Oliver Rides Three Winners

Arnold Shrimpton

You can always rely on the Oxmoor for efficiency and a well run meeting. You can also always rely on it to provide a mild sensation somehow or another. This year it was the weather and Tommy Oliver. The former came up with sundry rain and thunder squalls, both before and during the races, while the latter provided a 100 percent score of 3 winners for 3 rides. This young man has really arrived and if anyone wants to swap you a Rowland for an Oliver you will be on the short end of the deal if you take it. Tommy was very much the stormy petrel on Saturday, May 26th at Oxmoor for he swooped off with The Beargrass Brush Race aboard Boo Tip; the Oldham County Hound Timber with Fleetwood, and the Oxmoor with Foxy Poise. There was just no stopping the boy.

The Oxmoor was a real thriller. Carded, as always, as the last race, it looked as if it was fated to be run in a thunder storm, but the squall broke half an hour before post time and when the field paraded, the weather had cleared up and Old Sol had even deigned to put in a personal appearance. Six starters representing four stakes made up the field—Storm Hour (an obvious tip) with Charles Jelke up; Grandtrap, the Iriquois winner of two weeks ago, ridden by Mr. Howard Tilson; Melissa, with Gerry (I-don't-care-if-I-do-fall-off) Mayer, in the saddle; Foxy Poise with Tommy Oliver deputizing for Austin A. Brown; Page County, a raging hot favorite, and ridden by the local talent, Mr. Dinwiddie Lampton, and on the tail end of the programme, but not of the race, we had Bannock Laddie, with Jack Brant on top.

They were down at the start bang on time and Mr. Scoggan Jones got them off in a good line. Page County shot into an immediate and impressive lead of 5 lengths, followed by Bannock Laddie, Grandtrap, Storm Hour, Foxy Poise and Melissa. At the 4th fence Page County had opened up by 30 lengths, Storm Hour had gone up to be 2nd by a bare half length, from Bannock Laddie, who was racing in 3rd position just in front of Foxy Poise, 4th; Grandtrap dropping back 5th, and Melissa bringing up the rear. Past the stands first time round Page County still had it but was showing signs of stress and strain, while Bannock Laddie and Storm Hour were dueling each other for first run at the leader. Foxy Poise was

up with them but was in no hurry to make his move, while Grandtrap trailed obviously awaiting his second wind. Melissa had fallen at the 5th. As they went along the backstretch Page County had shot his bolt and the first to head him was Bannock Laddie who took over the running between calls. Storm Hour was right with him, however, and so was Foxy Poise hard held under tight wraps and then came Grandtrap starting a second run. At the 15th fence Storm Hour was really flying but put in a rough one and almost came down, but his rider made a good recovery. About this time Tommy Oliver (obviously riding to orders) made a well judged move and slipped into second place, followed by Grandtrap (going well) 3rd, Storm Hour 4th and Page County now trailing. As they turned for home Bannock Laddie took it very wide and surrendered the lead to Foxy Poise who had been waiting for him, while Grandtrap loomed up a decided danger on the outside. However, Foxy Poise was full of run and went on to a 2 1-2 length victory from Grandtrap (closing ground) 2nd; Bannock Laddie 3rd; Storm Hour 4th, with Page County bringing up the rear. Mrs. William Marshall Bullitt, on whose beautiful estate the meeting is held, made the presentation and the Oxmoor was over but not forgotten for another year.

As for the supporting events they were equally as exciting. The first was the Beargrass Brush Race, which had obviously been named by someone who didn't like announcers! It was won by Boo Tip and Tommy Oliver. A field of 5 answered the bugle, consisting of Major Charlie, ridden by his owner, Mr. R. E. L. Wilson; Little Ken, ridden by Pierre Lieux, an enthusiastic young Frenchman who is over here studying veterinary medicine; Virginia Ranzi with Gerry Mayer up; Jumping Jack, Calvin Houghland's new purchase, with Chuck Jelke in the saddle, and the subsequent winner Boo Tip, belonging to C. D. Pierce of Detroit, Michigan. As they jumped away from a good start, Little Ken assumed command closely attended by Major Charlie, then came Virginia Ranzi and Boo Tip racing together while Jumping Jack brought up the rear. At the 5th fence Little Ken fell while in the lead but his rider remounted and finished the course to take 4th money. In the meantime Virginia Ranzi had taken over but was being closely pressed by Major Charlie lying close up 2nd; Boo Tip was 3rd and under a snug hold, and Jumping Jack still many lengths back at the tail end. At the 10th fence Major Charlie had gone to the front between calls but as he landed he bobbed badly and off came Mr. Wilson. This left Virginia Ranzi with a 3 length advantage along in 3rd position. Over the last fence Boo Tip asserted his

superiority over his only serious rival, Virginia Ranzi, and drew away to win a good race by 2 lengths. Jumping Jack was 3rd and the remounted Little Ken finished 4th.

Next on the card was the Colonel Flat Race of one mile on the turf course. Only 3 of them made the trip to the post but it turned out to be a fine race. Right at the start Chuck Jelke hustled Storm On into a 3 length advantage over Austin A. Brown on Pine Grove, while Brierless Rose trailed. At the half Storm On was still on top and going well but Pine Grove was cutting down his lead slowly and surely. As they turned into the stretch it was a nip-and-tuck affair with the pace maker still to the fore by a brief neck, and Brierless Rose completely out of contention. Half a furlong from the judge Austin Brown forced Pine Grove past Storm On and held his advantage to win by 3-4 of a length. Storm On ran an excellent race and is quite certain to improve from this outing, which was more or less a pipe opener for him.

The Oldham County Hound Timber Purse over 3 1-2 miles was the next offering and it drew four starters with Elenad acting as a post entry as well as being coupled with the favorite, Fleetwood. The other pair comprised of Negotiator with co-owner Jack Brant in the irons and Calvin Houghland's improving mare, Gallant Wind, ridden by Mr. Clarence Short. As they paraded, Fleetwood, with Tommy Oliver aboard, stood out in both condition and appearance, while Elenad, the other half of the John Clippinger entry, made many friends. They were away without any trouble and immediately Gallant Wind went off like a "bat out of hell" to open a long and spectacular lead. The other three all kept together and there was nothing much between Negotiator, Fleetwood and Elenad for half the journey. Just after the 4th fence Gallant Wind bolted off course while still in front but her rider pulled her up and went back and got onto the right track again. This left Elenad on the front end by a brief length over Fleetwood, who was racing head and head with Negotiator. These 3 provided a fine race and for a while it looked as if any one of them could win. However, 4 fences from home Negotiator rapped one hard and came down which left Elenad in front by 2 lengths from his stable mate Fleetwood. As they came over the last Tommy Oliver found a little extra from Fleetwood and forged past Elenad to go on to win by 1 1-2 lengths. Howard Tilson, the pilot of Elenad, gave his mount an excellent ride, and the horse can be noted for quick promotion.

The Ladies Race was over 6 furlongs on the turf and drew 5 contestants, which included 1 post entry of Grey Shadow with Miss Ann Hines up. The girls were really out for blood and "the race was to the fittest". They got away well and Emerald Isle (Miss Ruth Halvorsen) showed out in front from Mystery Girl (Miss Rosa Wunch), Hidden Hand (Miss Martha House) Oscar's Lady (Miss Willmia Hines), and Grey Shadow (Miss Ann Hines). At the half it was still Emerald Isle by about a neck over Mystery Girl while Oscar's Lady was in 3rd place in front of Hidden Hand and Grey Shadow. As they scrambled round the turn for home Emerald Isle, Mystery Girl and Oscar's Lady were all in a bunch. The first to give way was Emerald Isle, who quit and left the laurels to either Mystery Girl or Oscar's Lady. One hundred yards from the post Oscar's Lady had assumed command and went on to win a nice race for her charming young owner-rider. This makes Miss Willmia Hines first winning ride and she can now consider herself fully blooded in the Hines sisters' tradition. Mystery Girl lost, whatever chance she had by veering to the right in the last 50 yards which allowed Emerald Isle to come again and snatch 2nd place so that "the dark horse" from Lexington had to be content with 3rd money.

As for the small fry events, John Aubrey won a nice race with his pony Danny, who went to the front and was never headed. Spotty, with little Nonnie Steer of Cincinnati up, finished with great ability to be second, while Penny and Billy Ashabranner took the show money. The children's race for larger ponies saw a double disqualification. First of

all, young Tommy Tucker riding his dun pony, Lucky, was disqualified for taking the wrong course and the race was awarded to Mouse, ridden by Master David Ray. Then someone decided to get out the measuring stick and found that Mouse was larger than the required 58" so the stewards took his number down as well. However, all this only adds to the general fun of a hunt meeting although I don't suppose for one minute that either Tommy Tucker or David Ray saw anything humorous about it, but they can take consolation that there will always be an Oxmoor and hope for better luck another year.

Boo Tip stayed well off the pace, challenged when past the half way mark, took over 2 fences from home and went on to win. Virginia Ranzi was no match for the winner, although fencing well and holding lead at the 9th. Jumping Jack lacked polish at his jumps, but stood up to finish 3rd. Little Ken was the leader when he fell at the 5th, but was remounted to finish 4th by distance. Major Charlie lost his rider at the 10th when going well with the leaders. 5. Bannock Laddie, (J. R. Brant & G. Sadler), 168.  
6. Mr. J. R. Brant, (5-12-51, P. W., brush, 3rd).  
7. Storm Hour, (Dr. J. Youmans), 168.  
8. Mr. C. Jelke, (5-12-51, P. W., brush, fell).  
9. Page County, (Mr. & Mrs. C. F. Morris), 168.  
10. Mr. Dinwiddie Lampton, Jr. (5-12-51, P. W., brush, 4th).  
11. Melissa, (T. B. Satterwhite), 163.  
12. Mr. Gerald Mayer, (5-12-51, P. W., brush, fell).

Foxy Poise, far back in the early stages, made his way through the field and the lead at the 5 mile mark, going on to win under a well judged ride. Grandtrap came on with a long sustained run along the backstretch to be a good 2nd. Bannock Laddie was in the lead between calls at the 14th, but lost ground by running wide at the stretch turn. Storm Hour hit a fence hard and almost came down, which took the run out of him. Page County set the early pace opened up a long lead but tired badly. Melissa fell at the 5th when in 6th position. Scratched: Little Ken, Major Charlie.

## Adjacent Hunt Races

**\*Gift of Gold, Vaden King, and \*Toyford  
Take Places In Connecticut Cup**

Jean Slaughter

Even though it had rained for a solid week before the Adjacent Hunts race meeting, the footing on the huge Blind Brook polo field (Purchase, N. Y.) was very good. The day of the races, Sat. May 26, was sunny and bright; Blind Brook is a beautiful place, there was a huge crowd, excellent racing and altogether it was a very wonderful and successful day.

The 1st race was about one mile and three quarters, hurdles. The horses were off to a good, quick start, with Grandgent and Errolford leading over the 1st. Over the 2nd it was Errolford in front, followed by Tourelay, with Grandgent lying in 3rd position. Harrigan moved up to take over the lead at the 3rd, with Errolford, Tourelay, Grandgent and Sundance Kid following in that order.

Coming into the stretch in front of the grandstand for the 1st time it was Tourelay in front, followed by Grandgent and Tourelay jumped side by side, with Tourelay going on to lead by a slight margin over the next.

The pace had increased down the

stretch and the horses were really moving. \*Allflor moved up to take the lead over the 9th, with Grandgent, Errolford, and Tourelay following. Around the turn and into the stretch Adams made his move on Errolford and easily took over, finishing strongly in front of \*Allflor and Grandgent.

In the 2nd race, about 2 miles over hurdles, again it was a good start, with Touristette breaking off in front. At the first turn, when the horses disappear behind the trees, Extra was leading, followed by Trout Brook, Night Patrol, Lively Man, Touristette, Smoky City and Big Bones, in that order.

The race settled down to a battle between Extra, leading over the 3rd, Night Patrol, and Trout Brook. Over the 4th it was the same, then Night Patrol moved up into 2nd position. Extra and Night Patrol jumped abreast over the next. They ran together until they disappeared again. The two horses were 6 lengths or more in front of the others. Night Patrol put in a bad one over the 9th, but stayed on his feet. Trout Brook began moving up.

Over the 10th it was Extra, Night Patrol and Trout Brook. Extra ran right through to the last, and the three horses were running right together down the stretch. It was a real photo finish; Extra won, with Smoky City, Night Patrol and Trout Brook following in that order.

After the 2nd race it was announced that Sam's Son, a 9-year-old gelding, had been donated by Mr. and Mrs. Andrew W. Smith, Jr., to be auctioned off for the Damon Runyon Cancer Fund. This good-looking horse was hacked up and down in front of the grandstand while bids were taken. The horse eventually went to R. L. Parish, Master of Goldens Bridge Hounds, for \$1,900. Rosalind Russell presented the horse to Mr. Parish.

The 3rd race, about a mile on the flat, saw all the horses off to a good start except Dik Dik, which got away badly. Around the 1st turn and behind the trees it was Springdale in front, followed by Blue Teal and Maryador. Maryador and \*Irish Clown started to move up on the inside. These two took over the lead with Maryador slightly ahead. Around the turn \*Irish Clown got his nose out in front, but down the stretch and across the finish line it was Maryador in the lead, with \*Irish Clown 2nd and Dik Dik 3rd. Dik Dik had a great deal of ground to make up and it might have been a different story if he'd gotten away with the others.

The 4th race, about 1 1/4 miles on the flat, saw all of the 4 horses off well. Admiral Tan took over the lead right away, followed by Corvalles Song. Corvalles Song went to the front and held his place, with \*Poughbay, Mighty Casey, Admiral

Tan and Wygant following in that order. Down the stretch the first time they held the same position. Around the turn behind the trees, when they appeared again, it was Corvalles Song, \*Poughbay, and Admiral Tan. Admiral Tan and Mighty Casey began to move up and the order was changed, with Admiral Tan in front, running very easily, followed by Mighty Casey and \*Poughbay. Around the turn it was the same order, with horses holding those positions down the stretch and across the finish line, escorted by a loose dog cheering them on, and running beside them.

The 5th race was the Connecticut Cup, about 3 miles over timber. The start was good, with Forest Hare taking the lead followed by \*Toyford and \*Gift of Gold. After coming out from behind the trees \*Toyford had taken over the lead, with \*Gift of Gold, Forest Hare, Vaden King, Captain Windmill and Count Stefan in that order behind him. Capt. Windmill moved up to 3rd position at the 4th fence. Around the turn at the 6th, just before the stretch, Forest Hare fell, but both the horse and rider were up in a moment and neither seemed to be hurt.

\*Gift of Gold took over the lead, galloping and fencing easily and well, followed by \*Toyford, Capt. Windmill, Vaden King and Count Stefan. At the 10th Capt. Windmill lost his rider. \*Toyford moved up beside \*Gift of Gold, with Vaden King 3rd and Count Stefan several lengths in the rear. At the 13th \*Toyford put in a bad one, breaking a rail, but with a great effort, managed to stay on his feet, dropping back to 2nd position. A small dog chased the horses into the 14th, but didn't seem to bother them as they all jumped it well. \*Toyford was very definitely tiring, but holding his position.

Around behind the trees and out again \*Gift of Gold was still leading, with Vaden King making his move up to pass \*Toyford. Around the turn and into the fence before the stretch, \*Gift of Gold spurned the broken panel and made a beautiful jump over the adjoining higher panel to breeze home first by a comfortable 9 or 10 lengths. Vaden King, which never came anywhere near the leader or was a threat at any time, was 2nd by a wide margin over the weary \*Toyford.

Tragically, Count Stefan, who was never a factor in the race at any time, trailing the field by several lengths, broke down over the last fence and was pulled up. A short, sudden silence after this proved that a great many people were quite moved by the sight of this really great, gallant horse, having to be led, limping from the course.

\*Gift of Gold ran a superb race and never seemed to exert himself. He seemed to finish as fresh as a daisy, ready to do the whole thing all over again if he were asked. He never looked as though he were even extended at any time; he just plain outran and most certainly out-fenced every other horse on the course. Vaden King didn't jump as well as I've seen him; not really chancey, but not big and bold and sure of himself, as \*Gift of Gold did.

The 6th race was about 6 furlongs on the flat. It was a good start, with Psychic Red and Crown Royal running together in front. Out from behind the trees and Psychic Red was still in front, followed by Bronze Wing and Busbi Bird, moving up on the outside. Busbi Bird took over the lead around the turn, with Psychic Red lying 2nd and Bronze Wing challenging him. As they crossed the finish line it was Busbi Bird 1st, with Bronze Wing closing fast for 2nd in front of Psychic Red.

# Hampstead Hunt Races Continued From Page 3

Vision and Princeton.

The first race of the afternoon's program was the flat race of about 5 furlongs duration. The 9 starters broke alertly with J. J. Boerner's Midnight taking a very short lived lead as W. H. Thomas' Whiskey Bill and Ernest Russell's Bell Boy moved

away from the pack. Whiskey Bill outraced Bell Boy at the finish, as Colegate Pascall's Zeygrey closed well for 3rd.

The second flat race, run at 1 mile had fewer entries but provided the most exciting finish of the day. Seven entries accepted the issue, and when the starter's flag fell L. F. Price's Persian Moon jumped into the lead, with Vic Noyes' Quiet Prevails and Zeygrey challenging. Persian Moon's lead was short lived as he weakened and retreated rapidly. Quiet Prevails went to the front followed by Zeygrey and Ernest Russell's First Boy. As they neared the finish and entered the home stretch lane, it was Quiet Prevails, Ernest Russell's First Boy, Zeygrey and Mrs. Edith Price's Sweet Money fighting it out heads and necks apart. At the wire First Boy and Quiet Prevails dead heated, with Zeygrey 3rd over Sweet Money. Bringing up the beaten field were Persian Moon, Smoky and Fast Count. A claim of foul against Quiet Prevails was lodged, but not allowed.

All in all it was a fine day of sport enjoyed by all who attended the well-run, well-filled races, complete with the usual drag chase.

SHOW CIRCUITS

## Bucks County

Certainly one of the best shows we have seen in a long time was the Bucks County Horse Show held at Doylestown, Pa. on May 17-20. Something amazing happened this year which put it on an equal footing with Devon and its quantity of top horses. Heretofore it has been a good show with mostly local horses competing, but this year it had horses from practically all the top hunter and jumper stables. The outside course left nothing to be desired—each fence was 4'-0" and really solid. The committee was most fortunate in having the advice and help of Christopher Wadsworth and the great success of the show is in large

measure due to him.

The show began with well filled breeding classes. Mr. and Mrs. Alan R. Robson's Kudos won the blue in the 3-year-old class and went on to be pinned the best young horse, gaining a second leg on the champion young horse challenge pitcher. Mr. and Mrs. David D. Odell's Beau's Night, which was in the winner's circle at the Sugartown Horse Show, was reserve.

The green classes were just a sample of what to expect of the whole show when you saw 25 to 30 horses in every event. Robert J. Burke's Psychic Sally, which had had experience last year and was proving it by doing well enough to win a class on the stiff outside course, was green champion ahead

of Mrs. Ralph T. King's Pink Whiskers.

Entries were just as big in the conformation division and to win two blue ribbons was almost an impossibility. However, Glen Erin did just that and annexed the tri-color for Fairview Farms. Although Mrs. George P. Greenhalgh's Moonlight Bay did not get a blue ribbon, he was in the ribbons more consistently than any other horse and was pinned reserve—only 1-2 point separated the two horses.

There are some few horses which fellow exhibitors really like to see win and one of them is Millarden Farm's All Afire, which is always ridden by Pat Dixon. This time it was especially nice because he retired the jumper challenge cup in

garnering the tri-color. Reserve went to H. D. Ryan's Get Busy.

The working division was jammed full of entries with 40 to 45 horses in every class. One person was heard to say that he could easily be a half hour late for his class and still have plenty of time to go. Miss Joan Walsh was on hand to ride Kennedys Farm's Grey Jacket and Glider and did a wonderful job getting both in the preliminary. Mrs. Ralph T. King's good moving Kathleen N put up a brilliant round to win the stake. Going into the preliminary, there was a matter of points between the three horses but Grey Jacket was 2nd and champion with Kathleen N reserve.

Three girls virtually took over the children's events. Miss Mildred Kindlan won the horsemanship classes and Miss Deirdre Hanna and her Darling B won three of the hunter classes. Penny, owned and ridden by Miss Margaret McGinn won two firsts and a 2nd in the jumping events.

Among the winners of the numerous individual trophies were Mrs. Hugh Barclay's Jane Tanna which won the Joanna Challenge Trophy in lady's hunter and Miss Jean M. Cochran's My Chance which took the amateur hunter class for a leg on the Leni-Lenape Challenge Trophy. With Mrs. Henry C. Biddle, Jr. up, Gorgeous George won the local working hunter class and gained possession of the George H. Ely Memorial Challenge Trophy for a year. The Bucks County Challenge Trophy went to Burton D. Chait's Tana's Bill while the Faraway Farm Challenge Trophy for the winning hunt team was garnered by Gordon Wright on Spanish Gold, Miss Joan Parker on Reno Siren and Miss Betts Nashem on Hydro-Fashion.

## Philadelphia National

The 2nd annual Philadelphia National Horse Show, Valley Green Farms, Roxborough, Pa., opened the season in this area May 10 through May 13 with a highly successful 4-day schedule. Over 400 entries from 16 states went to prove it one of the fastest moving horse shows, even though barely in its infancy. The tricolor streamers, which were the order of the day on Sunday, for a parade of champions and reserves, were roundly applauded by nearly 5,000 spectators.

One-half point made Mrs. Don J. Ferraro's 7-year-old bay gelding, Sombrero, ridden throughout the show by Miss Peggy Mills, champion working hunter with 17 points. H. A. W. Myrin's 8-year-old gelding, Kimberline, with Miss Betty Mills atop, after winning the \$500 working hunter stake, took reserve honors with 16 1-2 points.

Pat Dixon took Millard Farms' All Afire to victory to be crowned champion open jumper with 22 points, beating out Mrs. Hugh Barclay's Noel which amassed 13 points with Adolph Mogavero up.

One of the highlights of the show was the knock-down-and-out event which was postponed from Friday

night after one of the worst cloudbursts ever remembered in this vicinity. All Afire and Noel, having clean performances in the first round, each found the single, straight barber pole an extremely maddening one. There were 7 jump-offs, with All Afire knocking it down each time and Noel simply running under it, unseating Mogavero twice. All Afire, seemingly rejuvenated, finally took the jump and went on to a clean round and the blue rosette.

Green Dunes Farms' My Bill, ridden by Mrs. Jane Pohl Rust, acquired the highest number of points in the show, 24, to be pinned conformation hunter champion. His stablemate, the 7-year-old chestnut gelding, Jerry's Pride, ridden by Shirley Payne, shared the honors by taking reserve with a total of 13 1-2 points.

Joseph O'Connell, owner of Green Dunes Farms, also had his 4-year-old chestnut mare, Runabit, take the reserve rosette in the green hunter championship division.

Ksar d'Esprit, ridden by Hugh Wiley for Alta Vista Farm, was green champion with 14 1-2 points. Alta Vista's Hollandia, with Mr.

Wiley up, a member of the U. S. Olympic Equestrian Team which was victorious last fall in Madison Square Garden, won the \$500 open jumping stake as well as the P. H. A. challenge trophy.

Miss Jeanette Heckmann, 18, daughter of Chairman Conrad Heckmann, was thrown from her mount, Playgirl, in the \$500 local working hunter stake class over the outside course. Playgirl was leading in points for the local working hunter tri-color when the mishap occurred.

E. E. Emberger's Reno Blaze, with 9 1-2 points, won this championship, followed by Miss Deirdre Hanna's Darling B. with 7 points. Miss Hanna also rode Mrs. Walter Wickes, Jr.'s Mistika to annex the reserve award in the junior hunter division. General and Mrs. Charles B. Lyman's Tanahmerah won the Hickory Hall Challenge Trophy for the junior hunter rosette with Charles B. Lyman, Jr. doing the riding to garner 12 1-2 points.

An exciting, precision drill was presented every afternoon and evening of the show by the Fairmount Park Mounted Guards. In their evening performance, the Guards carried lighted lances, and their excellent execution of intricate drills drew round after round of applause from the spectators.

An innovation of the show, which was warmly approved and praised by the exhibitors, was the awarding of a parchment scroll to the winner in every class along with ribbon, trophy and money. Following the class, the winner turned in the scroll to be filled in with the name of the owner, the class and the name of the horse.

An amusing sidelight of the show occurred Thursday night when Merrylegs, Mr. and Mrs. Henry C. Biddle, Jr.'s 5-year-old bay pony mare, and Why Worry, an aged bay gelding hunter owned by E. W. Burlingame, took off from the stables and headed toward Fairmount Park. Why Worry went home to his own stable in Conshohocken, Pa. and Merrylegs was found in the vicinity by the Fairmount Park Mounted Guards next morning. Neither seemed the worse for wear from their escapade.

## Rimrock

Midst all the army pomp and tradition stemmed a day, May 12, that exhibitors will remember for many a moon. Not even a set in the film capital could look as picturesque and attractive as did the surroundings of Col. and Mrs. J. W. Wofford's Rimrock Farm near Junction City, Kans.

The courses were primarily set to benefit the green horses and although there were a handful of campaigners competing, the majority of the ribbons fell to the top green hunters shown. The Bitler-Bunting Stables rolled in from Kansas City loaded with a variety of first-time starters and sale horses to take advantage of the valuable facilities available for schooling. Manager-trainer Robert Egan showed some outstanding young stock and promptly marched away with all but one of the blues offered. Defacto, the star of the show, not only coped both open classes but the bending race to boot. Mrs. O. G. Bitler's Hardin's Tour had his initial outing and the brilliant grey 3-year-old son of \*Benagi, purchased at the Keeneland Summer Sales, went into the winner's circle.

## FALL HUNT MEETING DATES

The hunts committee of the National Steeplechase and Hunt Assn. met recently at Belmont Park. Stephen C. Clark, Jr., chairman announced that the committee had approved the fall schedule of dates for the hunt race meetings held under its sanction. After the Fair Hill, Md. meeting (sanctioned by the Maryland Racing Commission) opens the fall agenda, the Pennsylvania circuit will start off at Radnor, on Sept. 15; followed by Whitmarsh on Sept. 22; Rolling Rock, home of the famous International Gold Cup on Wed. Oct. 3, and Sat. Oct. 6; and Rose Tree on Oct. 20. The scene will then shift to New Jersey for the Monmouth meeting on Oct. 27; followed by Far Hills on Nov. 3. The Montpelier races will be held on Nov. 17 including the renewal of the Noel Lang Steeplechase 'cap, and this will bring the fall season to its conclusion.

## MD. HORSE BREEDERS' ASSN.

The newly elected Board of Directors of the Maryland Horse Breeders' Association met at Pimlico, May 24 to elect officers for the coming year. President John P. Pons, who succeeded the late Harry Straus on the latter's death in 1949, advised the board that the press of business in the operation of his Country Life Farm would preclude his giving sufficient time to the Association's affairs in the future and hence he would not again be a candidate for office. Walter A. Edgar, master of the Woodlawn Farm at Ellicott City, was unanimously elected president of the organization, which is the oldest incorporated breeders' group in America. Danny Shea, of Hyde, was elected first vice-president, and Mrs. R. H. Heighe second vice-president. Major Goss L. Stryker of Timonium, who was one of the founding members of the organization and has served on the board for over twenty years, was again re-elected secretary-treasurer. Humphrey S. Pinney and Stuart S. Sears were re-appointed to the positions of Field Secretary and Business Manager respectively.

The new president, who has been active in the ship building and repair business in Baltimore for a number of years, now operates a 500-acre farm in Howard County where he has a small but select band of broodmares. This year Mr. Edgar is racing the good colt Jack the Great, and a few more Thoroughbreds. He was one of the group who purchased Occupy in California and brought him to Maryland, and has been a consignor to the Saratoga Sales the past few years.—James-town.

## \*KERRY RETIRED

At the Hutchinson Spring Horse Show it was announced that Lawrence Farms were retiring their old campaigner, \*Kerry, from the show ring. This 26-year-old brown gelding was imported from Ireland as a 3-year-old in 1928. As he has been shown often at Hutchinson—he won the children's jumpers and the bareback open there three years in a row—his owners felt it would be fitting to retire the old horse at Hutchinson's last show. \*Kerry will be turned out to spend the rest of his life in pasture.—J. S.

## SPENDTHRIFT CONSIGNMENT

Leslie Combs II, reports that the present Spendthrift consignment to the Keeneland Summer Sales will consist of 19 choice yearlings, represented by 7 colts and 12 fillies sired by 12 of the country's top stallions.

## CALUMET YEARLINGS

Calumet Farm annually offers a few yearlings that are not required in their own racing string. These are eagerly sought after, and this year were snapped up almost overnight. One of the choicest was a bay Whirlaway filly out of Still Blue by Blue Larkspur. She has been acquired by the Aching Back Farm.

—R. S.

## WINNING RIDE

Tommy Gosling, who was The Chronicle's guest in the Blue Grass this year, has already started on his winning way by riding Winston Churchill's Colonist II, to yet another victory. In the Churchill Stakes at Newmarket recently, Colonist II, ran out an easy winner from the King's filly, Above Board.—R. S.

## MORE WINNERS

Doug Davis, Jr., returned in a hurry, as always, from a business trip in Chicago, just in time to saddle a winner at Churchill Downs. The owner of High Hope Farm reports that the score on the Holman-Davis yearlings is now 12 winners of 16 races.

—R. S.

## ENTRIES CLOSE

Bill Evans, manager of the Breeders' Sales Company of Lexington, wishes to remind all and sundry that entries and withdrawals for the July Sales close on June 1. Catalogues, which will contain almost 450 entries, will be available as of June 25.

—R. S.

## YEARLING CONSIGNER

James Tupper, of the Harpeth Hills Farm, adjacent to Nashville, Tennessee, is planning to invade the Keeneland Summer Sales with 3 fillies. One is by Questionnaire—Scurry; The second by Devil Diver—Miss Wezie, while the third is by \*Princequillo—Sure Silesia. —R. S.

## DENIS YEARLING

Jack Denis, who runs a small, but highly efficient farm at White Oak, Brentwood, Tennessee, has two choice yearlings for the Keeneland Summer Sales. One is an almost unfaultable colt by Roman—Sylvan Song, by \*Royal Minstrel, while the other is a colt by Eight Thirty—Miss Porter by The Porter. —R. S.

## SHOW RESUMES

In years gone by the Sewickley (Pa.) Hunt Horse Show was a great attraction but exhibitors and spectators haven't seen one since 1947. This year the Allegheny Country Club show grounds will be used to house a one-day event on June 16. The new outside course has been designed to represent the hunting terrain of Western Pennsylvania. The Stonedale Cup, which has been in competition since 1939, will again be the center of attraction for the junior riders.

## FAMILY AFFAIR

Tana, the chestnut mare by Sir Luke—Wheat Cakes, by Hapsburg, which was bred by Ridgely Nicholas, was well represented at the recent Bucks County Horse Show at Doylestown, Pa. Robert J. Burke's Psychic Sally (Psychic—Tana) annexed the green hunter tri-color while Tana's Bill (Bad Bill—Tana), which was 3-year-old champion of Virginia in 1944, won the Bucks County Challenge Trophy for Owner Burton D. Chait. The third member of the family, Mrs. Hugh Barclay's Jane Tana, a full sister to Tana's Bill, had a winning round in lady's hunter for the Joanne Challenge Trophy.

## NEW JERSEY'S MONMOUTH PARK

If the racing and breeding industry could get politicians, bluenoses, etc. to read a brochure such as "Let's Go To Monmouth Park" maybe so many brickbats wouldn't be tossed at the sport.

The colorful pamphlet gives the history of Monmouth Park, pertinent facts on the plant, and covers racing from all angles, even to illustrating how much it costs a jockey for his equipment before he is ready to accept a mount.

Here are some interesting facts gleaned from the brochure written and edited by Horace Wade. Total income in 5 years to the state of New Jersey from Monmouth \$13,757,007.19. A total of \$623,145 in uncashed winning tickets has accrued to the New Jersey State Treasury since 1942 from the racing industry in that state. The Monmouth Park Charity Committee distributed a total of \$54,000 to hospitals and welfare organizations as a result of the 1950 Turf Charity Ball, plus a sizeable donation from the Monmouth Park Jockey Club. This brought to nearly \$200,000 the sum dispersed since the first Charity Ball in 1947.

The above facts should give opponents to racing a small idea on just how big a part the sport plays in the welfare of the country, besides providing entertainment and relaxation to turf enthusiasts.

## NEW HOME

Brokers Tip, winner of the 1933 Kentucky Derby, recently found a new home when Mr. and Mrs. Ralph Taylor of Sacramento donated the good old horse to the University of California's College of Agriculture at Davis, Calif.

Due to a business trip to South America, the Taylors had not been able to give enough supervision to the horse's care. As a result, Brokers Tip was becoming more and more difficult to handle and was getting very poor. The Taylors felt that this was unfair to the horse and gave him to the University, knowing that he would get a good home there for the rest of his days.

Under the wise supervision of Professor C. E. Howell, head of the Horse Department of the Animal Husbandry Division, and the knowing management of Buck Nelson, herdsman, Brokers Tip has gained more than sixty pounds since his arrival at the school on April 4, and has become the pet of the barn. Students frequently bring him carrots which he accepts like a perfect gentleman.

Breeding plans for Brokers Tip include the best mares the school owns and a few outside mares. Most famous of the get of the 21-year-old brown horse by Black Toney—\*Forteresse, by Sardanapale is Market Wise.—B. D.

## 66 2-3 REPRESENTED

Mrs. Joseph Walker and Mrs. John Hannum III were very interested in the entries in the 3rd race on opening day at Belmont. The race was for 2-year-old maiden fillies and brought out 9 starters. Last year at Saratoga the Rolling Plains Stable sold 3 yearlings: Square Dancer a bay filly by \*Piping Rock—Dairy Lady; Irony, a bay filly by Rosemont—Rytina and Rachel G. a bay filly by Contradiction—Skimmer. Strangely enough, Rachael G., owned by Philip Godfrey, and Irony, owned by Brookfield Farm, were in the race. At the finish, the winner was Brae Burn Farm's Star-Enfin (by Star Pilot—Efin) with Rachael G. 2nd and in for 4th Irony. Rachael G.'s dam Skimmer has a Shut Out colt at side while Irony's dam, Rytina, has a Case Ace colt. At the farm in Unionville, Pa. is a Pavot yearling out of Rytina which is a good representative of the Rolling Plains Stable.

## RIDER RECOVERING

With still a long stretch in front of him, Paul Fout is progressing satisfactorily at the Union Memorial Hospital in Baltimore, Md. The amateur rider came a bad cropper at the 3rd jump in this year's Maryland Hunt Cup on Mr. E. W. Hagadorn's Amalgo and received a broken pelvis, cracked vertebrae, a broken hip and several internal injuries. His only friends with him after the big 3rd, at which Spain came a fatal cropper and Bachelor's Double also fell, was A. W. "Nick" Arundel. Mr. Arundel said afterwards that true to his character and the tradition of the horseman, Mr. Fout, despite his injuries, showed concern only for the condition of the horse which lay beside him. Amalgo had to be put down the next day because of a fractured vertebrae. This rider is one of several who have received the benefit of the United Hunts Association insurance policy which is carried on jockeys at the hunt meetings. The men who ride over timber, brush, hurdles and flat at the meetings are covered from the time they report to the paddock until the meeting is over.

## Sun Beau Jumping Record Outstanding Among Open Horses

The brush of Mrs. Elizabeth Bell painted the picture on the cover this week of one of the greatest open campaigners seen on the show circuit for many years. The painting was done for Sun Beau's owner, Sterling Smith and is an excellent study of a most personable and able performer. Sun Beau had a remarkable record and his having had to be put down early this year is a real loss to the show world. He jumped so very well and always put in such a fine performance that his appearance was always a popular one with any show crowd. They knew the horse would not let them down and that they would be treated to a spectacular series of jumping performances.

Sun Beau was bred in Canada but received most of his early training in the United States. Perhaps his best year was in 1948 when he won 12 major jumper championships, the reserve Professional Horseman's Assn. Open Championship award and the National Show Open Championship Reserve award. In this year Sun Beau was jumper champion at Goldens Bridge, Irem Temple, Harrison, Oneonta, Piping Rock, Williams-town, Sleepy Hollow, Boulder Brook, Reading, Maryland Hunter Show, the Fairfield Horse Show as well as the New York Show. He was reserve champion at Pittsburgh, the New England, Newark, Secor Farms, Greenwich and Ox Ridge Shows.

Perhaps one of the best tributes to Sun Beau's ability is the fact that the stable that showed many open horses all over the country and won between 650 and 750 ribbons each year during '47, '48 and '49, liked to keep Sun Beau in reserve to jump last to pull the open class out of the hat if the other performers were not able to win it. Mr. Smith, Sun Beau's owner, has kindly sent us a few remarks about his great jumper who was such a familiar and successful contender for all open honors.

"He would nip at most people and did not want many strangers near his stall," writes Mr. Smith. "He was, however, an easy horse to take care of and a very appreciative animal in every way. He liked attention and liked to play, but still seemed to know when it was time to pay attention to business. It seemed that Sun Beau realized when he was in the show ring and tried every time to do the job to the best of his ability."

Sun Beau was ridden successfully by three riders, George Braun, Bob Egan and Freeland Evans. Egan only rode him in four shows so George Braun and Freeland Evans received most of the national acclaim due to Sun Beau and his riders for his consistent and steady series of winning open performances. There have been and will be many great horses who win popular attention but always in the really great ones, there is something distinctive, an inner fire that seems to shine forth from deep inside. Sun Beau had this sense of secret pride or knowledge that he was of the best. Mrs. Bell has recognized this spirit, too, and placed it unerringly on her splendid canvas.

## CANCELED TOUR

Mr. John Lobb of London who was making a sales tour of the states with his superbly hand made boots and shoes met with an unfortunate automobile accident near Tucson, Arizona. He is hospitalized at St. Mary's Hospital and will have to remain there for several weeks, making it most unlikely to fulfill the remainder of his engagements.

## MISS BAYLISS DIES

The noted authority on American Thoroughbred bloodlines and authoress, Miss Marguerite F. Bayliss, died suddenly at Philadelphia May 9 while on a visit to friends. Miss Bayliss, who formerly published the Horse Show Blue Book, was well known as the author of the Matriarchy of the American Turf, more latterly of the famous sporting novel, The Bolinvars and Earth Eagles. Miss Bayliss, at the time of her death, was working on a history of the Morgan horse and on the compilation of some of the records of earlier American Thoroughbreds, particularly the DeLancy Stud.

### Executive Committee Announces A Plan To Help New Beagle Packs Get Started

Morgan Wing, Jr.

Secretary of the National Beagle Club

At the executive committee meeting of the National Beagle Club held in New York on May 1, 1951, a plan was adopted to assist those interested in starting new packs of beagles in getting the right type of hounds.

It was felt that inasmuch as there are some 80 active beagle packs in the British Isles and only 17 active in the United States, that this grand field of sport was far from crowded. To assist newcomers the various American packs have pooled their resources and are willing to sell, at a reasonable price, well-bred beagles to anyone interested in starting a new pack.

The packs joining in this plan at the outset, include: The Buckram Beagles, John C. Baker, Jr. Master, 42 Franklin Court, Garden City, Long Island, N. Y.; The Liseter Beagles, Mrs. Jean A. duPont, Master, Newtown Square, Pa.; The Sandanona Beagles, Morgan Wing, Jr., Mas-

ter, Millbrook, N. Y.; The Sir-Sister Beagles, Chetwood Smith and Henry Prunaret, Joint-Masters, Natick, Mass.; The Trewern Beagles, David B. Sharp, Jr., Master, West Chester, Pa.; The Waldingfield Beagles, Josiah H. Child and Mrs. Bayard Tuckerman, Joint-Masters, Westwood, Mass.; The Wolver Beagles, C. Oliver Iselin, Jr., Master, Middleburg, Va.

These are among the best packs in America who have been hunting their countries regularly and any hounds purchased from these organizations should be pack broken, used to hunting as a pack, and have training that would not be available to the purchaser of single beagles from different sources.

Beagling, or hunting the hare on foot following a pack of hounds, is one of our oldest forms of hunting, being well established long before the first fox hunting pack in Eng-

### ARAPAHOE HUNT

Route 1, Box 62,  
Littleton,  
Colorado.  
Established 1929.  
Recognized 1934.

On April 22 the Arapahoe Hounds went out for the 68th time this season. There were only two blank days out of the 68 with extreme dryness during the fall and winter months but such heavy moisture during the spring that the season was extended two weeks beyond its normal course.

March came in with a breast high scent and at least one whip was confused to see hounds coming over the hill with their heads in the air, looking all the world as if they were larking, but Huntsman Beeman wasn't fooled and blew them away to the Tower and the Anticline. They checked on top Rocky Hill but found in the Hole running west. Turning south off Piney Ridge they crossed the Kennels' draw and went straight south into the Dawson Investment where the coyote ran through a herd of deer and hounds had to be picked up. Working west, they found later in the Tower, ran into the Pollack draw, turned into the South Pollack and circled near the South Ranch fence. It was on the way home that Joe Holland's irrepressible Rastus shot over a ditch and gave his rider a bad spill which ended Joe's hunting for the season.

On the 5th, a coyote was found in the Purebred running west towards Headquarters where he turned to the Anticline and reaching those hills ran around the base into the Hole. The going was extremely slippery there and more than one member of the Field came a cropper on the ice. Hounds lost in the Hole but found soon after near Wildcat Road and ran north over the prairies and well into Section 12 where scent failed. Back in the Purebred they picked up another coyote and ran again into Section 12.

Having come a cropper myself on the fifth and out of the next two hunts, I was relieved to hear one meet was cold and blank and the other marked by poor scent. By the

15th the weather and I had improved and most important so had scent. Hounds found in the Purebred and took the line north over the open fields into Section 12 where they turned west toward Headquarters and looped back through the Trap and into the Purebred, cutting diagonally across this country towards Wildcat road for a roaring twenty minutes. At the road they checked, but crossing into the East Ranch found and ran as far as the bluff known as Wildcat Mountain. It was Uvedale Lambert's, Joint-Master of the Old Surrey and Burstow in England, first hunt with us in two years and he was once more impressed with our open galloping country, and consequent ability to see hounds during the entire hunt.

The 22nd was a windy March day. Hounds found near the Purebred windmill and cut through the field west of Headquarters, turning south. The coyote ran upwind all the way to the Anticline with the Field thundering along the Headquarters road and then branching off to Rocky Hill and into the Hole where hounds checked. They worked the line through the Hole to Wildcat Road but the wind was no longer favorable and they weren't able to hold the line again that afternoon.

Spring was in the air on the 25th but apparently not scent. Hounds worked the Hole, the East Ranch and the Cheese Ranch for three and a half hours to draw a blank, only finding on the way home in time to give us a brief but fast burst from Section 13 up the back slope of the Anticline.

A porcupine started hounds off on the wrong foot on the 29th and it was several minutes before the Hunt Staff had the quills out and a couple of hours before a coyote was located in Section 12. Once hounds found, scent proved to be excellent, and they headed south through the Purebred and over the Anticline into the South Ranch. Arriving at Wildcat Road they crossed and the gateboy turned up missing. Dr. Woodburne and Melanie Lambert went back to find him; Penny Tweedy, Pam McDonald and I undertook to close the gate which was one of the meanest. Meanwhile hounds were disappearing through the East Ranch towards the Cheese Ranch with the luckier and more carefree members of the Field in fast pursuit. We finally broke the gate, tied it up best as we could and then set out to find hounds who were well out of sight by that time. About two miles further on we came to MacArthur's road and found the Field's tracks where they crossed, and a few minutes later saw hounds way down opposite the Cheese Ranch. When we reached them it was only to find they had been called in. In the meanwhile the gateboy turned up none the worse for having taken a dive into a snowbank. Miss Edith Hall was riding with us that afternoon and we hope she'll be with us again in the fall for a few calmer hunts.

On April 1st scent was very tricky, seemingly good when hounds were running east, south or north, but non-existent when they were going west. A vapor was rising out of the ground and most of the run was near Bowen's 40 with alternate minutes of hounds giving beautiful cry and running like fury, and being at a dead loss.

We were snowed out on the 5th, but it was the day after the Master's Dinner and probably just as well. On the 8th it was still cold and very cloudy and the damp weather brought out some very handsome Irish hunting aprons acquired by two of our members, Rath Falck and Wes Spurry, on a recent excursion there. They are a decided improvement on the western chaps usually seen on wet days and not too compatible with hunting clothes. Hounds found in the Purebred and ran north near Wildcat, turning south up Bennett's Gulch and then continuing west across more open fields before turning south again through the Trap, where Whipper-in Marvin Beeman had considerable trouble turning back a very young calf who wanted to run with hounds. These were soon out of sight and kept on across the Purebred and were called in at the Anticline after 40 minutes without a check. The going was very heavy and horses were tired which probably accounted for Mr. Sinclair and his mount going down on the last fence.

## Ken-L-Products Selected as "OFFICIAL FOODS"

In More Dog Shows in 1950 than  
All Other Dog Foods Combined!

In 1950, the Ken-L-Products Division of the Quaker Oats Company was again selected as "Official Feeder" in 214 out of 240 All-Breed and Limited Breed Shows in which we participated. This proves that club officials, handlers, and exhibitors recognize the value of Ken-L-Ration, Ken-L-Biskit, and Ken-L-Meal for keeping champions in top form. Follow the example of the experts and feed these Dog Foods of Champions!

**Ken-L-Biskit—The Dog Food of Champions**  
Breeders of champions use more Ken-L-Biskit than any other brand. Millions of pounds have already been fed and proved in leading kennels from coast to coast. High meat meal content gives Ken-L-Biskit an appetizing "sniff-appeal" that dogs can't resist. Contains Nurgene, new wonder vitamin ingredient.

**Ken-L-Meal—Offers Complete Nutrition**  
Many championship dogs have been fed exclusively on Ken-L-Meal—this amazing new meal is so rich that dogs need no other food. Contains Nurgene, nature's rich combination of vitamins and chlorophyll, plus real meat meal. Proved more palatable than all leading brands tested. New crumbly moist texture won't stick to dog's mouth or feeding bowl. So easy to feed—absorbs water almost instantly.

**Ken-L-Ration—Packed with lean, red meat\***  
\*Here's one canned dog food that you can be sure is made with choice cuts of lean, red meat—U. S. Gov't. Inspected horse meat. Super-charged with all known "dog-health" vitamins and vital minerals. Tops in nutrition.

land was ever thought of. It is one of the best schools of fox hunting and a great many of America's foremost masters of fox hounds started hunting when they were children with a pack of beagles.

Any thoughtful master of fox hounds would welcome the establishment of a pack of beagles in his country as he knows that it will instill a love of hunting, sportsmanship, and country life in the younger members of his field and will in the long run make them much better fox hunters.

No large draft of beagles is available from any of the above packs, however, each is willing to sell a few and a beginner in selecting a few from each of these packs, would undoubtedly have the best blood lines in America. Anyone wishing to see these hounds can visit the master of beagles nearest him and receive information and practical advice on starting a pack.

The secretary of the National Beagle Club, Morgan Wing, Jr., Millbrook, New York will welcome any letters of inquiry on the subject and will be pleased to be of assistance in the mechanics of starting a pack of beagles. Also available is a list of good books on the subject, which would be a great aid to the beginner.
